From: Center Director

Subject: Gang-Free zones near child care centers

This is a new operational policy from Texas Department of Family and Protective Services which mandates all minimum standards.

We are a gang-free zone. The gang-free zone is within 1000 feet of our facility and any gang activity within 1000 feet of our center is a violation of this law and is therefore subject to increased penalty under state law.

Please sign and date that you have read and understand this policy.
